

FOURTH GRADE GAZETTE

Gilbert Linkous Elementary School

October 21—23, 2019

Volume 7 Issue 10

Happy Fall Break

Enjoy the four day weekend with your family. Read some fun books, keep a travel journal, enjoy the almost seasonal weather.

Thanks for signing up to help with our 4th grade party on the 31st. It is not too late to help if you would like.

We have enjoyed meeting with so many of you over the last couple of weeks. Conferences continue until Nov. 8th. If you haven't yet signed up, please contact us.

Reading: Mrs. Hill

We are beginning our new nonfiction unit with a focus on text features. Students will learn about the Titanic during this unit while creating their in-class projects. If they would like, students may look up and bring in some fun facts about the Titanic. Now is a great time to help students find a good AR book to read over fall break, maybe you could find one to read together!

Science: Ms. Mullins

Students should review their notebooks and look for a study guide in their folders for a weather test on Wednesday.

Math: Mrs. Pleasant:

In this short week we will begin a unit on division. There is new vocabulary to learn, and many more word problems.

If your student receives a correct and return on the Chapter 3 test, please review the highlighted questions and have the students bring the corrected copy back to school by Wednesday for partial credit. Thanks for your help with this important review of information.

Please complete the Portal registration and Care Docs as soon as possible. Remember we are collecting glass jars with lids, box tops and soda pop tops throughout the year. Thanks!

Virginia Studies: Ms. Mullins

The colonists have arrived in Jamestown. We will be learning all about the first permanent English colony in America, good and bad. This includes the interactions between the colonists and the Powhatan Indians, so hopefully the First Virginians information will be fresh in the student's minds.
