

# FOURTH GRADE GAZETTE

Gilbert Linkous Elementary School

September 9—13, 2019

Volume 7 Issue 4

## Interims This Week

Parent Curriculum night for 4th grade is tomorrow night, September 10th in the Library at 6:30. We hope to see everyone there! If you are unable to attend, a packet will be sent home on Wednesday outlining the meeting.

If you have any additional questions, please contact us.

### Reading: Mrs. Hill

In class, we will continue our study of character traits and how an author's words describe a character's emotions, feelings, and attitudes. Students have highlighted specific prefixes and suffixes to study for an upcoming quiz. We will be working on them in class but students will benefit from studying them at home as well. Please help students learn to keep track of their AR Points!

#### In this issue:

4th Grade News	1
Language Arts	1
Science	2
Math	2
Social Studies	2

#### Upcoming dates:

**Parent Curriculum Meeting**  
9/10 6:30—7:15

**September 10th**

**Interim Reports**

**September 12**

## Science: Ms. Mullins

Variables (dependent, independent) and constants are on our agenda for this week. (At my son's 8th grade Curriculum night, guess what the teacher said they were going to be looking at this year!) The study guide in student's Science folder will be a good review for the Unit test coming up Tuesday, Sept. 17.

**Please keep sending in box tops, glass jars and can tabs for various 4th grade and GLE projects.**

**Thanks!**

## Virginia Studies: Ms. Mullins

VA Studies - Students should take their notebooks and folders home this week to review water features, bordering states, the Fall Line, and characteristics of the Coastal Plains/Tidewater and Piedmont regions. There will be a quiz on Thursday. The online textbook pages would also be a good review.

## Math: Mrs. Pleasant

*Our Chapter One math test has finally arrived. Thanks for your help at home in preparing your student for this first test.*

*Please continue to practice multiplication and division facts to 12 with your child. Reflex or flash cards, either method is effective. 4th grade math is easier to navigate when the students have a strong fluency of their facts.*
